Online Directory

The TRB Online Directory provides access to points of contact and information on TRB's standing committees, project-based committees and panels, and governing committees, as well as to lists of TRB sponsors, affiliates, and representatives. In addition, the directory provides password-controlled access to contact information on TRB's more than 7,000 volunteers.

Freight Transportation Data (ABJ90)

The purposes of the committee are to identify and publicize sources of and needs for data on commodity movements, international trade, freight transportation activity, and the economics and organization of establishments engaged in freight transportation; to advise data collection agencies on cost-effective means of fulfilling essential data needs; and to assist analysts and decision makers in the effective use of freight transportation data.
