## APPENDIX: BACKGROUND QUESTIONS

This Appendix contains the background questions put to respondents as part of the Stated Preference survey instrument. The frequencies of response to each question from the 343 respondents used in the models are shown in the following tables.

## Introduction

Thank you for agreeing to participate in this study to investigate motorcycle usage, particularly in urban areas, and how this may change with increasing congestion.
It is emphasised that we are only interested in two-wheeled motorised vehicles for this survey and are not considering trikes or motorcycles fitted with sidecars. For the purposes of this survey we will use the word motorcycle to mean all two wheel vehicles including motorcycles, scooters and mopeds.

We emphasise that the interview will be conducted according the Code of Conduct of the Market Research Society. Your identity will not be passed on to any other organisation. The information you provide will be used for research purposes only and will not be used for sales or any other purpose. You may refuse to answer any questions you do not wish to and you may terminate the interview at any time.

## Question

In which area do you live:

1 - GLA
2 - A Metropolitan Authority in England (see list below)
3 - Another area in England
4 - An urban area in Scotland or Wales
5 - Another area in Scotland or Wales

Metropolitan Authorities:
Barnsley, Birmingham City, Bolton, Bradford, Bury, Calderdale, Coventry City, Doncaster, Dudley, Gateshead, Kirklees, Knowsley, Leeds City, Liverpool City, Manchester City, Newcastle upon Tyne City, North Tyneside, Oldham, Rochdale, Rotherham, St Helens, Salford City, Sandwell, Sefton, Sheffield City, Solihull, South Tyneside, Stockport, Sunderland City, Tameside, Trafford, Wakefield, Walsall, Wigan, Wirral, Wolverhampton

|  |  | London | areatype <br> Metropolitan | Other | Total |
| :---: | :---: | :---: | :---: | :---: | :---: |
| RQAREA | GLA | 136 | 0 | 0 | 136 |
|  | Metropolitan area, England | 0 | 82 | 0 | 82 |
|  | Other area, England | 0 | 0 | 104 | 104 |
|  | Urban area, Scotland/Wales | 0 | 0 | 6 | 6 |
|  | Other area, Scotland/Wales | 0 | 0 | 15 | 15 |
| Total |  | 136 | 82 | 125 | 343 |

## Motorcycle Ownership

## Question

How many motorcycles do you own?
Please include all the motorcycles you own, whether they are currently taxed or not.

|  |  | areatype |  |  | Total |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  |  | London | Metropolitan | Other |  |

|  | 10 | 1 | 0 | 1 | 2 |
| Total |  | 136 | 82 | 125 | 343 |

## Question

Does anyone else in your household also own a motorcycle?

|  |  | areatype |  |  | Total |
| :--- | :--- | ---: | ---: | ---: | ---: |
|  |  | London | Metropolitan | Other |  |
| ANYOTH | Yes | 16 | 9 | 13 | 38 |
|  | No | 120 | 73 | 112 | 305 |
| Total |  | 136 | 82 | 125 | 343 |

## Question

How would you classify yourself as a rider?
1 - Learner - someone who is taking motorcycle lessons and/or someone who has passed their CBT and is currently riding on "L" plates
2 - New rider - someone who rides a motorcycle having passed his or her motorcycle test within the last 2 years

3 - "Born again" rider - someone who used to ride a motorcycle, stopped completely for 5 years or over, but has now started again

4 - Always a motorcyclist - someone who has been using a motorcycle regularly ever since they first learnt to ride

|  |  | areatype |  |  | Total |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  |  | London | Metropolitan | Other |  |
| RIDER | Learner rider | 3 | 8 | 4 | 15 |

|  | ago | 136 | 82 | 125 | 343 |

## Motorcycle use

We would now like you to think about the use you make of your motorcycle.

## Question FRQBIKE1

What is the make and model of the motorcycle that you use most frequently? (Example: Honda CB500)

## Question

Is this also the motorcycle you use most frequently for riding in urban conditions

|  |  | areatype |  |  | Total |
| :--- | :--- | ---: | ---: | ---: | ---: |
|  | London | Metropolitan | Other | Tot |  |
| URBUSE | Yes | 16 | 40 | 86 |  |
|  | No | 1 | 0 | 0 | 1 |
|  | \#\# missing |  |  |  |  |
| (=owns only one |  |  |  |  |  |
| Total | 105 | 66 | 85 | 256 |  |
|  |  | 136 | 82 | 125 | 343 |

## Question FRQBIKE2

What is the make and model of the motorcycle that you use most frequently for riding in urban conditions? (Example: Honda CB500)

## Question

Which of the following engine size categories does it fall into?

|  |  | areatype |  |  | Total |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  |  | London | Metropolitan | Other |  |
| SZEBAND1 | Under 50cc | 7 | 6 | 4 | 17 |
|  | 51-100cc | 6 | 1 | 6 | 13 |
|  | 101-125cc | 14 | 13 | 6 | 33 |
|  | 126-500cc | 35 | 17 | 33 | 85 |
|  | 501-700cc | 37 | 16 | 20 | 73 |

## Question NXTBIKE1

We would now like you to tell us about your other motorcycle. What is the make and model of this motorcycle? (Example: Honda CB500)

## Question NXTBIKE2

If your \#FREQBIKE\# were unavailable, what is the make and model of the motorcycle that you would use instead for riding in urban conditions? (Example: Honda CB500)

## Question

Which of the following engine size categories does it fall into?

|  |  | areatype |  |  | Total |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  |  | London | Metropolitan | Other |  |
| SZEBAND2 | Under 50cc | 1 | 0 | 1 | 2 |
|  | 51-100cc | 1 | 2 | 4 | 7 |
|  | 101-125cc | 4 | 3 | 3 | 10 |
|  | 126-500cc | 11 | 5 | 10 | 26 |
|  | 501-700cc | 7 | 2 | 12 | 21 |
|  | 701-900cc | 1 | 1 | 5 | 7 |
|  | Over 900cc | 6 | 3 | 5 | 14 |
|  | \#\# missing (=owns only one motorcycle) | 105 | 66 | 85 | 256 |
| Total |  | 136 | 82 | 125 | 343 |

## Question

In what year was this bike manufactured?

## Question

How would you classify this motorcycle?

|  |  | areatype |  |  | Total |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  |  | London | Metropolitan | Other |  |

## Focus on a particular journey in the morning peak.

We would now like you to think about the journey you previously told us about that you made on a weekday in the morning peak leaving between 7:00am and 10:00am to travel into or within an urban area, using any method of transport.

We would like to ask you some questions about this particular journey.

## Question

On what day did you make this journey?

|  |  | areatype |  |  | Total |
| :--- | :--- | ---: | ---: | ---: | ---: |
|  | London | Metropolitan | Other | Total |  |
| PEAKDAY | Monday | 30 | 12 | 26 | 68 |
|  | Tuesday | 15 | 12 | 14 | 41 |
|  | Wednesday | 17 | 11 | 9 | 37 |
|  | Thursday | 34 | 10 | 12 | 56 |
|  | Friday | 40 | 37 | 64 | 141 |
| Total |  | 136 | 82 | 125 | 343 |

Which of the following types of weather did you expect when you set out on your journey that day?

|  |  | London | AREATYPE <br> Metropolitan | Other | Total |
| :---: | :---: | :---: | :---: | :---: | :---: |
| Total | Ice/snow/sleet | 0 | 1 | 3 | 4 |
|  | Light rain | 23 | 15 | 26 | 64 |
|  | Heavy rain | 3 | 7 | 10 | 20 |
|  | Wind | 1 | 2 | 4 | 7 |
|  | Pleasant weather | 101 | 56 | 80 | 237 |
|  | Don-t remember | 13 | 10 | 11 | 34 |
|  |  | 136 | 82 | 125 | 343 |

## Question ORIGIN

We would now like to know a few details about where you were travelling from and to in order to better understand your journey.
First of all we would like to know where you started your journey. Which street did your journey start from? (e.g. Sterling Place)

## Question ORIGAREA

And where is this street? (e.g. South Ealing)
Question ORIGCODE
And could you provide us with the postcode if you know it?

## Question

What time did you leave this address?

|  |  | areatype |  |  | Total |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  |  | London | Metropolitan | Other |  |
| timedept | Before 7:00 | 23 | 11 | 15 | 49 |
|  | Between 7:00 and 7:29 | 15 | 15 | 18 | 48 |
|  | Between 7:30 and 7:59 | 24 | 17 | 32 | 73 |
|  | Between 8:00 and $8: 29$ | 25 | 13 | 15 | 53 |
|  | Between 8:30 and 8:59 | 19 | 12 | 16 | 47 |
|  | Between 9:00 and 9:29 | 14 | 6 | 9 | 29 |
|  | 9:30 and later | 16 | 8 | 20 | 44 |
| Total |  | 136 | 82 | 125 | 343 |

## Question DESTIN

And could you also tell us where you were going to. Which street was your final destination located on? (e.g. Exhibition Road) We would like to know about where you were going, not where you had to park if you were travelling by car or bike.

## Question DESTAREA

And where is this street? (e.g. South Kensington)
Question DESTCODE
And could you provide us with the postcode if you know it?

## Question

What time did you arrive at your final destination at \#DESTIN\# for your journey?

|  |  | areatype |  |  | Total |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  |  | London | Metropolitan | Other |  |

|  | \#\# missing | 1 | 0 | 0 | 1 |
|  | \#\# missing (=PT was no alternative) | 89 | 68 | 113 | 270 |
| Total |  | 136 | 82 | 125 | 343 |

We would now like you to think about the possibilities for the AM peak journey you made on that \#PEAKDAY\#.

## Question

Do you think this journey by \#ALTNAME\# would take more or less time than by \#USEDNAME\#?

|  |  | areatype |  |  |  |
| :--- | :--- | ---: | ---: | ---: | ---: |
|  | London |  | Metropolitan | Other |  |
| ALTCHNG | More time | 90 | 46 | 62 | 198 |
|  | Less time | 33 | 31 | 45 | 109 |
|  | The same | 13 | 5 | 18 | 36 |
| Total |  | 136 | 82 | 125 | 343 |

## Question

How much \#ALTCHNG\# do you think this journey would take by \#ALTNAME\#?

## Calculation

What is the duration of the alternative trip

|  |  | areatype |  |  | Total |
| :---: | :---: | :---: | :---: | :---: | :---: |
|  |  | London | Metropolitan | Other |  |
| timealt | 1-5 minutes | 3 | 3 | 5 | 11 |
|  | 6-10 minutes | 6 | 7 | 13 | 26 |
|  | 11-15 minutes | 10 | 9 | 14 | 33 |
|  | 16-20 minutes | 9 | 7 | 14 | 30 |
|  | 21-25 minutes | 9 | 7 | 12 | 28 |
|  | 26-30 minutes | 10 | 11 | 12 | 33 |
|  | 31-35 minutes | 6 | 5 | 10 | 21 |
|  | 36-40 minutes | 10 | 4 | 5 | 19 |

|  | Other (=motorbike in repair; no insurance; weather; etc.) | 10 | 6 | 11 | 27 |
| Total |  | 136 | 82 | 125 | 343 |

## Choices concerning motorcycle use

You will now be shown a number of different cards, which present a series of hypothetical choices. In each of these choices we would like you to think about a situation where you had to use your motorcycle for your journey in the AM peak period, and tell us which of the two motorcycle options you would prefer.

The choices will vary in a number of ways:

- the levels of congestion of traffic on your route
- the width of the lanes, affecting the opportunities to filter
- whether you can access advance stop lines at traffic lights
(these are boxed areas where bicycles can currently stop ahead of traffic at junctions)
- the location of parking for motorcycles
- the security measures available where you park at your destination
- the cost of parking at this location

For each choice we would like you to weigh up the options presented and decide which motorcycle option you would prefer. Please assume that all other aspects of the two options will be the same. There are no right or wrong answers, we are only interested in which you would choose in each situation. If you would not choose either option please select neither.

## Choice 1-4

Which option would you prefer for your journey in the AM peak period if you had to use your motorcycle?

We will now show you another series of cards in which we will now ask you to choose between using your motorcycle or your car for the AM peak hour journey you made on the \#PEAKDAY\#.

Once again the choices will vary in a number of ways:

- your expectation of the weather
- the journey times by car
- the reliability of your journey time by car
- the location of parking for motorcycles and cars
- the security measures available for motorcycles at your destination
- the cost of parking at your destination

For each choice we would like you to weigh up the options presented and decide whether you would decide to travel by motorcycle or car. Please assume that all other aspects of the two options will be the same. There are no right or wrong answers, we are only interested in which you would choose in each situation. If you would not choose either option please select neither.

## Choice 1-4

Which option would you choose for your journey in the AM peak period?

We will now ask you to consider how congestion charging would affect your choice. In these choices your parking costs will remain the same as they are at the moment, but you may now face an additional congestion charge to travel in the urban area.

## Choice 5-8

Which option would you choose for your journey in the AM peak period?

We will now show you another series of cards in which we will now ask you to choose between using your motorcycle or public transport for the AM peak hour journey you made on the \#PEAKDAY\#.

Once again the choices will vary in a number of ways:

- your expectation of the weather
- the journey times by public transport
- the reliability of your journey time by public transport
- the public transport fare
- the location of parking for motorcycles
- the security measures available for motorcycles at your destination
- the cost of parking at your destination

For each choice we would like you to weigh up the options presented and decide whether you would decide to travel by motorcycle or public transport. Please assume that all other aspects of the two options will be the same. There are no right or wrong answers, we are only interested in which you would choose in each situation. If you would not choose either option please select neither.

Choice 1-4
Which option would you choose for your journey in the AM peak period?
We will now ask you to consider how congestion charging would affect your choice. In these choices your parking costs will remain the same as they are at the moment, but you may now face an additional congestion charge to travel in the urban area.

Choice 5-8
Which option would you choose for your journey in the AM peak period?

We will now show you another series of cards in which we will now ask you to choose between using your motorcycle or bicycle for the AM peak hour journey you made on the \#PEAKDAY\#.

Once again the choices will vary in a number of ways:

- your expectation of the weather
- the journey times by bicycle
- the reliability of your journey time by bicycle
- the location of parking for motorcycles
- the security measures available for motorcycles at your destination
- the cost of parking at your destination

For each choice we would like you to weigh up the options presented and decide whether you would decide to travel by motorcycle or bicycle. Please assume that all other aspects of the two options will be the same. There are no right or wrong answers, we are only interested in which you would choose in each situation. If you would not choose either option please select neither.

## Choice 1-4

We will now ask you to consider how congestion charging would affect your choice.

In these choices your parking costs will remain the same as they are at the moment, but you may now face an additional congestion charge to travel in the urban area.

Choice 5-8
Which option would you choose for your journey in the AM peak period?

## Constraints on use

## Question

In a typical week, what is the maximum number of days that you think you would possibly use your motorcycle for this AM peak hour journey?

|  |  | areatype |  |  | Total |
| :--- | :--- | ---: | ---: | ---: | ---: |
|  | London | Metropolitan | Other | Tot |  |
| MAXDAYS | .00 | 10 | 13 | 17 | 40 |
|  | 1.00 | 5 | 2 | 8 | 15 |
|  | 2.00 | 8 | 9 | 17 | 34 |
